CHECKLIST

The values that appear on the cards have been decided by the Panini Editorial Board. These values are based on a rigorous analysis of the attacking and defensive skills of each player featured in the collection. These scores were also adapted to the special features of the ROAD TO FIFA WORLD CUP QATAR 2022™ ADRENALYN XL™ card game. Under no circumstances should these scores be considered as an absolute rating of the real players' different skills on the field of play. Game data and content are correct as of 23 July 2021.
